Comptroller

RECEIVED

Signed - L. P. Draney

It is recognized that the title and definition of Account 411.4 are not inclusive of such costs, but since the present condition will exist only in the month of June, 1957, and probably never again, this accounting treatment is authorized and both Mr. Bruce and Mr. Davidson are being advised of it by copy of this memorandum.

Mr. Miles is to transfer the freight and related charges from Account 411.4, Classified Stores, to Account 411.4, through medium of Form 1777, Freight Distribution Sheet. Mr. Radke is to code these charges as 03, Transportation of Things, when entering them to Account 411.4, and will also develop the allocation to the accounts shown above, adjusting Account 411.4 accordingly, using object class code 56, Transfers.

Locomotive Number	Last Date In Use	Last Month to Use In Computations
1032	October 9, 1956	October, 1956
1033	September 1, 1956	August, 1956
1034	September 28, 1956	September, 1956
1035	September 1, 1956	August, 1956
1036	September 20, 1956	September, 1956
1041	September 1, 1956	August, 1956
1042	October 13, 1956	October, 1956
1043	October 12, 1956	October, 1956

Such costs shall be distributed to account 521, Funding Authorization and Appropriations (Net), Account 504, Prior Year Adjustments, and Account 411.4, Locomotive Expenses, Other, based on the months applicable to each account from and including September, 1951, the time of the entry establishing them in the accounts, to the date of their last usage. The last date, furnished by the Native Power and Equipment Branch, is as follows:

Question has arisen as to disposition of the cost of returning the locomotives loaned to the Railroad by the Armed Forces. Subject: Freight charges on Armed Forces locomotives being returned
